

### Informational Notice:

This dataset, the “NLM Malaria Screener - Sudan Dataset,” is hosted at the National Library of Medicine (NLM), part of the National Institutes of Health (NIH), an agency of the United States Department of Health and Human Services, which makes the dataset available to the public for any commercial or non-commercial purpose under the following license. The data was gathered as part of a field study in Sudan to evaluate the NLM Malaria Screener software, a smartphone app for parasite counting in blood smears based on machine learning. More information about the data, study design, and software can be found in the paper cited below.
